

ATKINS LAW CAREER CLOSET IMPACT REPORT

2022 / 2023

BY THE NUMBERS

During Fall 2022 + Spring 2023, the Atkins Law Career Closet saw a significant increase in student use - likely an indicator of successful outreach and marketing efforts, as well as strong community support. This uptick in activity was exciting for our staff to see.

Having the ability to provide free professional attire to students in need is a high-impact service that sets our university apart. Be bold, be generous, be Broncos.

Career Services

Just prior to Fall 2023, the closet received a large monetary gift from Atkins Law that enabled the adoption of an automatic scheduling tool, improvements to our space, and an increase in needed inventory. Additionally, many alumni and local businesses continue to step forward with clothing donations. We could not offer this service without their support. To all our donors, thank you!
